## Deception, One Tool of Our Ancient Enemy

Earlier this week I saw an ad that promoted voting “Yes” on the proposed amendment to our state’s constitution, Amendment 79.

I’m sure that many of us have seen this ad or one very similar to it. In this ad a mother and a father share their anxiety of hearing of their preborn child being diagnosed with serious physical defects and how to deal with this very concerning situation. (Yes, they are already a mom and a dad.) Of course for many people the proposed “solution” to this plight is to abort the baby.

No doubt some parents have faced and do face and will face this scenario in their lives. We must meet them with sincere compassion. However, is abortion a solution to this dilemma of an imperfect child in the womb? Sidebar: we’re all born with defects. Maybe not physical defects, but we humans are far more than flesh and blood. Psychological. Emotional. *Spiritual!* None of us are perfect in the womb or in this life.

I found this pro-Amendment 79 ad to be very deceptive. Recall that this ad focuses on abortion rights [sic]. The ad takes a **very** high-level view of this amendment while grossly glossing over some very disturbing details of this proposed amendment to our state constitution. My concern is not only for what the ad says. It’s also for what the ad does NOT say. Why do the proponents hide these aspects in their ad that is flooding our media? Don’t they want to share with us with us what this amendment contains? Silly question. Of course they don’t. Deception. One tool of our Enemy.

Conveniently overlooked aspect #1: This amendment would add to our state constitution the “right” to abortion through all 9 months of pregnancy, even for healthy mothers and healthy babies. Hmmm. Unless I slept through it, I don’t recall that being mentioned in the ad. How convenient of them.

Conveniently overlooked aspect #2: This amendment would add to our state constitution the taxpayer funding for abortion for in-state *and* out-of-state women. Hmmm. Unless I slept through it, I don’t recall that being mentioned in the ad. How convenient of them. Imagine a scenario: “Hi. I live in (fill-in-the-blank) state. I understand that the taxpayers of Colorado will pay for my abortion. Thank you very much.” Are you OK with that? Me: No, thank you.

#### ↓↓↓ PARENTS, TAKE NOTE OF #3. ↓↓↓

Conveniently overlooked aspect #3: This amendment would add to our state constitution the banning of parental consent laws. So, parents, what do you think of this? I sincerely hope that you would like to know if your teenage daughter was about to undergo this, at times dangerous, procedure. Imagine getting a phone call that “something went wrong” during the process. Hmmm. Unless I slept through it, I don’t recall banning parental consent laws being mentioned in the ad. How convenient of them.

For the love of God and for love of immortal souls, including for the immortal souls those who promote or support such legislation, I beg you to prayerfully consider these 3 key aspects of this amendment. Before God, do I, do you, support these 3 aspects that were conveniently overlooked in the ad?

Please vote “No” on Amendment 79. Let’s vote with, not just a Catholic conscience, but also with a healthy, caring *human conscience*, and let’s defeat this appalling amendment. And let’s keep all our civic leaders in our prayers, no matter what letters follow their name: ‘D,’ ‘R,’ or ‘I’. -Fr. Michael

Prot N. 2024-0539 AB-A

September 25, 2024

Dear Sisters and Brothers in Christ,

I write to you today as your Shepherd with a deep concern regarding Amendment 79, which will be on the Colorado State Ballot this fall. As Catholics, we are called to build a culture of life. We believe in the inherent dignity of human life and that every human being is created in the image and likeness of God and as a part of God's plan. We are to promote the dignity of human life from the moment of conception to natural death. The gift of the marital act and sharing in God's creation of human beings was a blessing God bestowed on man and woman before the Fall. Sadly, some Catholics today are lured by the voice of the serpent, as Adam and Eve were at the Fall, and support this constitutional amendment creating a so-called 'right' to abortion. Furthermore, we believe that parents are the first teachers of their children in faith and have responsibility for their children until they reach majority age, which this amendment perilously disregards.

Based on our faith in God and these fundamental teachings of Scripture and Tradition, I urge you to vote against Amendment 79, also known as the 'Right to Abortion.' This proposition does three things contrary to the dignity of the human person: it creates a constitutional right to unrestricted abortion for all 40 weeks of pregnancy, eliminates parental notification laws and allows for taxpayer funding for abortions, which is currently prohibited.

Colorado already has some of the strongest pro-abortion 'rights' in the entire world, and this proposition is even more extreme. If we do not defeat this, pro-life legislation will be unable to be passed due to the constitutional right to abortion, and countless children known only to God will die in Colorado because of state-subsidized abortion. To pass, it needs 55 percent of the vote, and recent polling data show that if more Coloradans knew all that this amendment would do, support for the amendment would drop as low as **47 percent** — making the support for the amendment fall below the threshold the pro-abortion lobby needs to win. We have a path to victory.

Coloradans need to know that Amendment 79 creates a constitutional right to abortion and bans any limits on late abortion. Even restrictions on abortions in the ninth month for healthy mothers and healthy babies would be illegal under 79. Data from the pro-abortion Institute for Family Planning shows an increase in late abortions in Colorado since the *Dobbs* decision (2022). It is likely that this amendment would lead to an even greater increase in third-trimester abortions, when the baby can feel pain and survive outside the womb.

It is important to know that not all medical procedures, even some that end in the death of an unborn child, are abortions. Abortion is the *intentional* killing of the preborn child. The pro-abortion lobby abuses heartbroken mothers and families to advance their cause, claiming that medical care after a miscarriage or when an unborn child dies in the womb is equivalent to an abortion. This is false. Abortion is never health care; health care does not seek the death of the child. I would encourage you to research the principle of double effect for a deeper understanding of this important nuance.

Another troubling aspect of this amendment is its ban on parental notification laws. The pro-abortion lobby places words such as “shall not impede” on a ‘right to abortion’ in their amendments intentionally – it means that all laws protecting parental rights are nullified. There is no age restriction on abortion in Colorado, and 79 would prevent parents from being informed if their 15-year-old daughter has an abortion. Parents must have the right to know if their adolescent daughter is being pressured into getting an abortion by their boyfriend or someone in authority such as their coach, teacher, school nurse or counselor.

Third, the amendment would allow for taxpayer funding for abortions without any restrictions or limits. This means that if the amendment passes, the state could mandate taxpayer funding for late abortions for *both* in-state and out-of-state women. Should this amendment pass, the Colorado legislature could allocate millions of dollars annually for abortion as soon as 2025, as though it were simply a mundane budgetary procedure.

Finally, although abortion is wrong on its face and not only because of the long-term consequences, we must ponder the ramifications of one abortion and the difference it makes in our lives and history. Just imagine if one of your grandparents were aborted, who would not be here today? When I considered the outcome, had my grandmother not been born, my mother and seven of my aunts and uncles would not be here, 25 first cousins wouldn't be here, 26 second cousins would not be here, and so on down the line. Or imagine if Martin Luther King, Jr., had been aborted and how the course of history would have changed with no MLK for the Civil Rights Movement? Do we truly understand the gravity of abortion, or do we think life is just a game of chance with no meaning or purpose?

As a community, we must stand together to protect the most vulnerable among us and ensure that our laws reflect respect for life, parental rights and the truth that life is a gift. Every Catholic is called by God to be pro-life. I urge you to consider this amendment's grave implications and join me in opposing it.

And if, in addition to your vote, you would like to support the campaign against this horrendous amendment, please visit [www.RightToKnowCO.com](http://www.RightToKnowCO.com), because Coloradans have a right to know what this damaging amendment will do to generations to come.

Yours in Christ,

Most Reverend Samuel J. Aquila  
Archbishop of Denver
